To Whom It May Concern

Reference for SBA Civil

We had the pleasure of working with SBA Civil on the Paekākāriki Courts Upgrade, which was delivered between April and May 2026 as part of our Q4 programme for the previous financial year.

SBA Civil was engaged through an open Request for Quote (RFQ) procurement process and successfully delivered a high-quality project outcome for the Paekākāriki community and the wider Kāpiti District.

Throughout the project, SBA Civil demonstrated professionalism, technical competence, and a strong commitment to delivering a quality result. Their team maintained clear and open communication throughout the works, proactively addressing challenges and ensuring stakeholders were kept informed of progress.

The project was completed to a high standard, and the upgraded courts now provide a valuable recreational asset that will benefit the local community for years to come. We particularly appreciated SBA Civil's collaborative approach, responsiveness, and willingness to work constructively with our team to achieve the desired outcome.

Based on our experience, we would have no hesitation in recommending SBA Civil for future civil construction and infrastructure projects.

Yours sincerely
